

SERVE

Christ was about serving others and our teenagers should be no different. Our teenagers serve members of our community through workcamps, mission trips, V.B.S., craft fairs, raking leaves, and other types of service projects. Every summer our teenagers participate in a week long workcamp painting houses for members of our community completely free of charge to the recipients. During Christmas the youth ministry adopts two families and with the help of our whole congregation, provides them with a huge amount of grocery items and wrapped presents for their children. We encourage our teens to share their knowledge and love for the Lord by teaching others. What joy comes from serving others!

We are in the business of saving souls.
